#### Excellent service and someone that you can trust

In the initial introduction call, Tony explained the process and he also offered a full refund if I fails to get any more extra dollars from my insurance company. Within few hours the inspection completed and with couple of days I had received the reports. Insurance company finally agreed to send me a check for 4400( initial offer was 1200). So this company deserves the 5 star rating in all areas. Thank you for helping me in this situation.

#### Best Overall Experience....

I was unfamiliar with diminished value until my recent auto accident. My insurance company almost immediately, without explanation, compensated me \$697 for DV. I tried to negotiate with them for more, but got nowhere. I began to educate myself on DV and found Antoine's web site to be extremely informative. Antoine very patiently answered all my questions and educated me on all the details I needed to pursue additional DV. He gave me the tools to demand what was rightfully due in additional monies, and he negotiated a settlement with my insurance company's DV Adjuster for \$3200. Thank you Antoine and Kevin! I will highly recommend

**STRONGEST RECOMMENDATION**

I had the pleasant experience of having the help of Antoine to get me the credibility I needed to recoup the resale loss anticipated after an accident to my Lexus 430. Not only did Antoine give me a well thought out, researched and professional appraisal of realistic diminished value to the vehicle, he also negotiated successfully on my behalf with my insurance carrier (USAA). As a result, I received financial compensation 4 times what I was originally offered by the insurer.

They are the real deal and I can recommend them without reservation.

Great experience with Antoine. Very responsive throughout my 10 months process. My case ended up in court, Antoine showed up to be my expert witness and I got all the diminished value losses I was demanding

**very satisfied**

DVGA provided a very thorough report. I was initially offered less than \$450 with a subsequent offer of \$1,040 (10% of the repair value). I then sent them a DVGA report. Their independent appraiser's assessment, and our settled price, was \$2,500. I was pleased with the outcome. I highly recommend DVGA.
