#### HIGHLY recommend !!

The at fault insurance company tried to pay me \$75 dollars for diminished value on my car (what a joke !!). I contacted Antoine, he gave me the analysis and all the tools I needed to fight the insurance company. They paid the exact amount that Antoine calculated on my Dimished Value Report. Do try to do it alone, they wont pay !!!

#### Leave it up to Antoine!

After the accident I received a check of only \$300 for the DV from my Insurance Company. I was not happy with that. I contacted my car dealer who suggested DVGA. The site is very informative and

well designed.  
I was struggling to get more DV out of my insurance company and wasted about 12-14 days to convince them that I deserve more. Finally, I contacted Antoine of DVGA who got the ball rolling with his inspection, photos and professional report. He talked to the Insurance Company for long time and got me almost 7fold money than they initially offered. Wow! I can only say, " If you have an accident, call Antoine of DVGA"

### Call Antoine, Don't try to go it alone!!

The at-fault ins. co. offered me \$158 for DV after I was rear-ended. I laughed. I went to Antoine, and with his expert appraisal I got \$1760. Even with this in hand, it took months of my persistence and finally contacting a supervisor who issued the check immediately. Don't even try this alone! He was professional, quick and an excellent value. Without his letter, extra documentation and appraisal, I wouldn't have gotten anywhere. Tell everyone you know to call Antoine if they ever need a DV appraisal. Don't forget to include the appraisal fee in your demand letter to the ins. co! Antoine gives you what you need to get what you are legitimately owed.

### Definitely Effective!!

An inattentive driver totaled my recently restored 1986 classic car. I did not have a special insurance policy to cover it for its full value. The insurance company only wanted to pay me for a 25 year old car even when I provided proof of the work that had been done. I contacted Diminished Value to conduct an independent appraisal and the insurance company accepted it without question. It was double the insurance company's offer and a little more than I had estimated I should get under the circumstances. Nothing could replace the car that had belonged to my mother but the professionalism and attention to customer service provided by Diminished Value saved me from feeling powerless to persuade the insurance company to reconsider. I definitely would recommend their service.

### You must call DV of GA before you settle any claim

After my vehicle was in accident, my insurer made a low ball offer for diminished value. Thanks to the help from DV, my insurer is now settling for almost three times their original offer. All I can say is WOW! This is a must-have service for any vehicle accident victim.
