The 2021 Chevy Equinox is an excellent option for family hauling as it offers a roomy cabin, fuel efficiency, and an enjoyable driving experience. The standard 1.5L turbocharged four-cylinder engine comes with front-wheel drive, while all-wheel drive is offered on all trims but the base model. Its interior design matches the exterior's sleekness and offers plenty of infotainment features; however, the lower-tier variants offer limited comfort features.

The turbocharged 1.5-liter engine makes 170 horsepower, which can be paired with the optional all-wheel-drive system, but it may need a heavy foot if you want to get up to highway speeds. The six-speed automatic gearbox provides smooth shifts, and makes an enjoyable and easy-to-drive vehicle, the Equinox handles well, and its steering is precise and direct.

The Chevy's turbo 1.5-liter engine offers attractive EPA fuel-economy ratings, delivering up to 30 mpg. Smaller engines are all the rage for fuel economy.

Built with robust materials and attractive styling, Equinox's cabin should be a hit. It comes with plenty of room inside to keep both fronts- and back-seat passengers comfortable. On the dash rests the 7.0-inch touchscreen integrated with Chevrolet's MyLink infotainment interface; it has consistently impressed with its simple functioning and instantaneous responses. Additionally, features such as Apple CarPlay/Android Auto compatibility, Bluetooth phone/audio streaming, USB connection, and auxiliary input jack all come standard.

Was Your 2021 Chevrolet Equinox in an Accident?

You were on a regular day and had a car accident. Did you know that a wrecked and repaired car can lose \$5,465 or more in value?
