The 2021 Chevrolet Express stands as a reliable workhorse, offering versatility in cargo and passenger configurations. With three powertrain options, including a robust diesel engine, it caters to various payload and towing needs. Available in both standard and long-wheelbase versions, the latter accommodates up to 15 passengers. While competitors like the Ford Transit and Mercedes-Benz Sprinter boast contemporary designs and advanced tech features, the enduring Chevrolet, along

with its counterpart, the GMC Savana, remains a cornerstone of American commercial fleets.

Nonetheless, the 2021 Chevrolet Express Cargo acknowledges its age, having seen its last major redesign in 1996, with minimal styling updates since 2003. Despite this, Chevrolet has kept it relevant with the introduction of a potent 6.6-liter V8 engine, producing 401 horsepower, an improvement over the previous 341-hp V8. Whether tasked with a heavy payload or towing a substantial trailer, the Express is up to the challenge.

However, it falls short of the agility, fuel efficiency, and interior space optimization seen in today's modern vans like the Ford Transit and Ram ProMaster. Additionally, it lacks options for a high roof or all-wheel drive. Consequently, the 2021 Chevrolet Express Cargo remains a practical choice for those seeking a no-frills commercial vehicle with competitive pricing and strong towing capabilities.

Was Your 2021 Chevrolet Express in an Accident?

It was just a regular day when you had a car accident. Did you know that a wrecked and repaired car can experience diminished value, resulting in a decrease of \$9,755 or more in its worth?

Diminished Value Calculator	
Before Accident Cash Value	\$48,775
