## The 2021 Kia Seltos

The 2021 Kia Seltos, with its visually striking design and impressive performance, is a standout in the small SUV segment. It bridges the gap between the compact Kia Soul and the larger Sportage. Its two-tone roof and distinctive stacked headlight design give it a unique look that sets it apart from other vehicles in its class.

There are two engine options available for the Seltos. The base engine produces 146 horsepower and provides smooth acceleration for this compact SUV. Those seeking more power can opt for a turbocharged 1.6-liter four-cylinder engine with 175 horsepower.

One of the standout features of the 2021 Seltos is the availability of all-wheel drive, an option not found in the Kia Soul. This feature enhances traction and handling, making it suitable for various driving conditions, from inclement weather to off-road adventures.

Inside, the Seltos offers a premium and spacious cabin. The use of high-quality materials gives it an upscale feel. With comfortable seating for up to four adults, the Seltos is practical for both daily commutes and road trips. Furthermore, if you need to transport cargo, the rear seats can be folded down to provide a generous 62.8 cubic feet of cargo space, surpassing most other subcompact SUVs in its category.
